COMMENTS FROM THE TOWN MANAGER'S OFFICE

There was a check book balance of \$6,732.16 the first of April and receipts of \$64,985.36. The \$64,985.36 includes the \$60,000 tax anticipation loan that I mentioned a couple of weeks ago. Expenditures for the month of April were \$51,851.10 leaving a check book balance at the end of April of \$20,136.41.

The welfare situation has improved some over last month. There was \$288.90 spent for town welfare for the month on six active cases. Part of the bill for one was a carry-over from a previous month. During the month two cases were closed and one new one added. I know that \$288.90 is a lot of money to spend for welfare but I feel that I have kept it down as well as I could. I'm not saying that some of them don't pull a fast one on me at times but I catch them at their game at times to even things up.

The calcium chloride for the summer has been received and unloaded. In addition to scraping roads, the town crew has swept more streets and cleaned catch-basins.

Waterproof paint has been purchased to paint the "fountain" on the common before the water is turned on. I guess I'll have to agree that fountain is a much better word than the one I used at town meeting. In case anyone doesn't remember it was through.

The dangerous fire conditions still exist and extreme care should be taken with any outside fires. Fire permits should be obtained from the Fire Chief so that he will know when any burning is going on.

MURRAY THURSTON NAMED TO SBA COUNCIL

Thomas J. Noonan, New England Regional Director of the Small Business Administration, has announced the appointment of Murray W. Thurston, executive vice president of J. A. Thurston Co., Inc., to the Small Business Administration's Small Business Advisory Council for the state of Maine.

Mr. Thurston graduated from Gould Academy and Dartmouth College and was in the U. S. Army during World War II. He is currently a member of the Wood Turners' and Shapers' Association, trustee of the Rumford Bank & Trust Co., and a trustee of Gould Academy.

The Council members, who are appointed by SBA Administrator John E. Horne, are part of a nation-wide organization of private individuals who know and understand the problems of small business and who will meet on call with SBA officials at the state level to evaluate the effectiveness of the Agency's programs, as well as advise and assist in developing methods for improving them.

Members serve without compensation and all meetings are called by and conducted under the supervision of the SBA.

MAINE TEACHERS ASSN. AWARD TO RECOGNIZE SCHOLARSHIP

High school scholars deserve their own distinctive emblem, according to the Maine Teachers Association Committee on Academic Recognition and Scholarship.

The committee is distributing a felt emblem—to be worn like an athletic letter—for outstanding sophomores who place in the top five per cent of their high school class. The emblem features a gold lamp of knowledge in a blue circle and the lettering "Academic Recognition."

Donald M. Mailloux, Guilford, committee chairman, said eligibility for the sophomore award will be determined by each school. "We believe good scholarship should be recognized just as much as excellence in athletics or band," he said. "An emblem that can be worn on a sweater or jacket is an established way of recognizing achievement in high school."

The committee has for several years sponsored a recognition program for high school seniors that includes the award of certificates and trophies on the basis of performance in National Merit Scholarship and College Entrance Examination Board tests.

Top winners in this senior program are eligible to apply for ten \$300 scholarships given by MTA on the basis of performance during their first college semester. Mailloux said the Committee had inaugurated the sophomore emblems to provide stimulation for academic achievement earlier in the high school years. "High scholarship should be a matter of pride to the individual and to the school," he said.

CHARITY BALL A SUCCESS

The local committees working on the Sixth Annual Rumford Community Hospital Charity Ball report a very successful benefit, socially and financially. There were over 200 couples on the list of patrons for the affair held at the Rumford Armory Saturday evening under the sponsorship of the Bethel-Dixfield auxiliaries.

In discussing the success of this year's "Showboat at the Levee" Ball, the committees expressed their appreciation to local individuals and concerns for their helpfulness in promoting the cause of the Ball, as well as to those local people who patronized the Ball. Also, in response to many comments on the pictures of the local usherettes, they would like to say that they were by courtesy of John Tebbets.

Proceeds from the Ball will be added to the hospital's Building Fund, and the final report will be made in the near future.

IN FLANDERS FIELD

In Flanders Field the poppies grow between the crosses, row on row. That mark our places and in the sky.

The birds still bravely sing for us, though heard not the gun below. We see the dead.

Short days ago we lived full grown, now silent sleep.

Loved and were loved and now we lie in Flanders' fields.

Take up our quarrel with the foe, To you from falling battle we draw.

The Torch-bearer points to hold it high.

If ye break faith with us who die We shall not sleep, though Poppies grow in Flanders' fields.

To Mother

Who understands your sorrow
And sees the falling tear?
And peace and comfort she bestows
Upon your troubled care.

Who did something no other could do
For you, her precious child:
Who puts your heart and conscience free,
And makes your troubles mild?

Who knows your every wish and care,
And tries so well she can
To bring you everything you want
To make your life expand.

Who is this person who, we all know,
Her place can take no other:
Who'll always live within your heart?
Why, yes! It is your mother.

TRIBUTE TO THE FLAG

The following article, "Our Flag, Always Remember," was penned by Frederick G. Gorman, under the pen name of George Wallace, and appeared in a Maine newspaper previous to Patriot's Day.

"Our Flag, Always Remember." Whenever you see the Stars and Stripes displayed, stand up, like a real citizen of the United States of America and take off your hat, or if you are a lady, salute in the proper manner. For of all the signs and symbols, since the world began, there is none other so full of meaning as the Flag of our Country. That piece of red, white and blue bunting, means five thousand years of struggle upward.

It is the full-grown flower of ages of men fighting for liberty. It is the century plant of all human hope in bloom.

Our Flag stands for humanity for an equal opportunity to all the sons of men. It means a glorious past, and a glorious future. It is not so much the flag of our fathers, but the flag of our children, and all the

children yet unborn.

It is the flag of tomorrow, it is the signal of the great times that are coming. It is not the flag of any king or dictator, but the flag of YOU yourself, and all of your neighbors.

Never be ashamed when your throat chokes and the tears come as you see it flying from the masts of our ships on all the seas, and ports of the world, or floating from every flagstaff of our grand Republic. You will never have a worrier emotion. Just revere it, as you would revere the signature of the Deity. God Himself looks down on the flag of the United States of America as the one symbol of the world that looks forward to the betterment of mankind.

Salute it, respect it, and cherish it, because no nation or people in the entire world, up to now, ever had a more worthy ambition for a more worthy condition of life.

The American Flag, I love and respect, and the proudest thing of my whole life is the feeling within my soul that there is not a drop of blood in

20 SECONDS with the NAZARENE

Mary had complete confidence in her son, Jesus, for at the wedding in Cana she said to the servants: "Whatsoever He saith unto you, do it." In that atmosphere of confidence and faith, Jesus performed His first recorded miracle. He turned the water into wine.

"Faith sets divine power in motion."

Be certain that you give your turn signal well in advance of the turn itself, caution the State Police. This gives the driver behind plenty of advance information as to what you plan to do—the type of teamwork that keeps traffic moving smoothly and efficiently.

The State Police urge us to be especially alert at intersections. Even though we may have the right of way, we should realize that the other fellow may not be alert—that he may make a mistake and ignore a stop sign or a red light. It's mighty smart driving to watch out at all intersections, regardless of who has the right of way.

The monthly meeting will be May 16 with the birthday supper and movie. Hostesses are Mrs. Seymour Butters and Mrs. Lawrence Kendall.

Who needs muscles?

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.

The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.

But you had better hurry before somebody muscled in ahead of you. Spring's here. Summer's coming fast. And with these sporty good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.

THE POPPY SPEAKS

"I am not just a crepe paper flower. I am the glowing symbol of the sacrifice made by that gallant flower of American manhood who marched away at the call of the country and who sleeps here and over there, under their white crosses now on row, where poppies sway and toss to kiss each cross.

"I am not just a crushed bud of paper, wound together and fashioned by the tired hands of those other thousands who marched away at the call of the country, only to return home, broken in body and spirit and with the thread of economic success in life broken. I am the wistful symbol of their sacrifice, made daily, behind white hospital walls, without the blare of drums and cheers of frenzied multitudes.

"I am not just a tag flower, offered by the American Legion Auxiliary. I am the living, throbbing symbol of the obligations and sacrifices required of all good citizens in binding up the wounds of a nation's disabled and I represent your contribution to that cause.

"In remembrance of America's heroic dead and in helpfulness to her living disabled and dependents, wear me, on Poppy Day!"
